

How to Make Life Cereal

Recipe

You will need cereal, a bowl, a spoon, and milk.

Get out all of these ingredients.

Pour the cereal into the bowl.

Pour the milk into the bowl

If you poured too much milk.

 Add more cereal.

Slide the spoon into the cereal.

Put the milk and cereal away.

Sit down and eat some cereal.

When you are finished.

 Rinse the bowl and spoon.

 Place the bowl and spoon in the sink.

My name is Cole Hudson. I attend Fremont High School, and live in Fremont Michigan. I am in tennis, marching band, and robotics. For fun I like to program and play piano. I decided to take this course so that I could become a better programmer. Here is a photo of me at a hackathon a few weeks ago.
